Procedure:

- Select all Core and Complementary courses.
- Add the number of blocks and anticipated Credits from both sections:

Blocks: _____ **Credits:** _____

Maximum of 16 blocks.

Grade 11 students are expected to fill a minimum of 14 blocks of time.

Course Registration Procedures

Checklist:

- I correctly completed my demographic information at the top of the sheet.
- I have correctly listed my previous school courses and their marks.
- I have chosen courses that are appropriate for my potential success.
Note: I must have **at least 60%** in a prerequisite course to ensure my success at the next level.
- If I am choosing to select Advanced Placement (AP) courses, I have met the specific academic entrance average requirements as listed in the ABJ Handbook.
- I have not chosen courses that could possibly be removed due to not passing the prerequisite course. In other words, if you are on the bubble of passing your course at this time, it is highly likely that you will struggle in the same stream of course next year.
- I am aware that selecting anything listed as O/S means “Off-Schedule” and that class will occur outside the regular timetable and will plan accordingly for it.
- Any courses that I would like to take that aren’t listed on my grade level sheet, I have written in order of preference in the Additional Course Requests section of the Registration Form on the bottom right column.
- I have checked off the number of courses necessary as well as chosen some additional courses should there be timetable conflicts.
- I have consulted with my subject specific teachers to determine the appropriate course selection for the next level.
- I have consulted with my parents/guardians and had them sign at the appropriate location.

Please note:

For verification purposes, we will be confirming that you have met the proper recommended prerequisites so please make sure that you are choosing your courses wisely and accurately. Schedules will be automatically adjusted and modified, without consultation, accordingly.

Please ensure that your form has been returned **to the teacher with whom you completed your initial registration.**
Forms must be returned by March 16, 2018.
