Course Selection and Student Timetable Policy

Students are asked to complete a course selection document during the registration process for the upcoming school year. The school uses that information to build a timetable for the entire student population. When students request course changes after this process, the school staff will do their best to accommodate the requests when approved by parents/guardians for educational reasons. There are no guarantees that course change request can be accommodated however and staff will defer to the original course selection documentation.

Timetable Expectations:

Grade 9 and 10 students must have a full timetable (no spares)

Grade 11 students may have a maximum of 2, 3 credit spares or 1, 5 credit spare during the school year

Grade 12 students must have a minimum of 25 credits worth of courses in their timetable during the school year

Note: exceptions to these expectations may be made based on individual student needs or participation in specific programs outside of the school.
