Registration and Graduation Planning

Course Selections

Students should enrol in a full program. It is not a question of what is the minimum that students need for a high school diploma or the minimum for post-secondary requirements. It's a question of planning a well-rounded and complete program. Because we are a full-time school, students should take the courses that they require, then choose option courses to complete their program of studies. Students should choose carefully as course selections determine scheduling of courses. Changing courses in the fall may not be possible. Repeating failed courses in the second semester may not occur because planned classes are not available. Students must have pre-requisite courses and prerequisite grades for all courses they select. Course selections will be based on Semester 2 marks. Should your mark improve over the course of the term, course changes can be made prior to the end of the year.

CORE Courses

Choose courses from the listings below to begin your selections. Please place an **X** in the shaded area next to the courses that are best suited for you based on your previous grade's marks and teacher recommendations.

- All core/language courses take up a full block of time (F) and are 5 credits (Cr) unless otherwise indicated in brackets after the course listing.
- Use the option descriptions provided in the ABJ Handbook to complete your program and select courses that are of the most interest to you and will best serve your post-secondary plans.
- Our timetable allots 8 full blocks of time.
- **GRADE 10 Students are required to have a full timetable with no spares.** That means that all 8 full blocks of time are scheduled.
- Full year courses take up 2 full blocks of time.
- **F** indicates full block of time, **H** indicates a half block of time.
- **Applicable course fees are applicable to many options.**

COMPLIMENTARY Courses

From the complimentary courses below, students must choose options that they would like to take by placing an **X** in the shaded area.

- **All option courses take up a half block of time (H) and are 3 credits (Cr) unless otherwise indicated in brackets after the course listing.**
- **Grade 10 students must choose at least two alternate option choices.** Mark these with an **A** in the shaded area. These will be used only if there are scheduling conflicts with your primary selections.
- OS means that courses are running Off-Schedule, outside of our regular timetable, either before or after school.
- Many options will have applicable course fees. All course fees are available for viewing on our school website.
- For thorough option details and descriptions, please see our website <https://abj.eics.ab.ca/>. In the Menu under the Student tab, you will see Student Handbook and Course Selection. All information is accessible there.
