### Characteristics of our Catholic Faith in Action:

- All members of the Archbishop Jordan faith community will endeavour to maintain a culture of Catholic faith that permeates all aspects of school life emphasizing Joyful Hearts.....Sharing the Good News.
- ABJ continues to focus on the characteristics of a Catholic School; where we recognize, establish, nurture and grow in our partnerships with local Parishes, home and school.
- Create a community that is inclusive of all and respecting the dignity of each person through an atmosphere of trust and equality.
- Modeling the life of Jesus through participation of the symbolism of the liturgical year. Highlighting Advent, Christmas, Lent and Easter throughout our school.
- Continue to teach students to actively live their Catholic faith by inviting them to retreat opportunities, school and parish liturgies and Christian service projects.

### Relationships:

- Bring in members of the parish faith community to share knowledge and experiences on current Catholic/faith life issues.
- Use ABJ television and the broadcasting program to spotlight Catholic education through prayers, speakers, visuals and special projects.
- Continue the tradition of supporting numerous community and global Christian action projects.
- Daily reminders that we are Joyful Hearts....Sharing the Good News and we act as God's witnesses in all we do.
- Continue to maintain consistent provincial results in ensuring our students are prepared for lifelong learning, the world of work and global citizenship.
- To continue to enhance our partnership with OLPH Parish to deliver the Alpha Program for our students.

### Inclusive Learning – Our Response to Intervention:

- Continue to provide inservice to staff in helping to support our students on IPPs.
- dedicate time to implement RTI initiatives in order to identify students and have them receive the academic and/or emotional support required to be successful.
- Staff work with students, beginning in grade nine, to ensure students are in the correct academic program.

### Student Engagement:

- Provide new courses and programs that extend the variety and relevance to our students to increase the opportunity and motivation for success.
- Encourage students to become more involved in the school community by providing new programs such as Advanced Placement Program that extend the variety and relevance to our students to increase the opportunity and motivation for success.

### Community Engagement:

- Increase parental accountability and involvement, through Power School and social media to facilitate greater synergy between home and school.
- The school will encourage and invite every parent to participate in school council.
