

NEW THIS YEAR – All Diploma Exam Results Statements are now exclusively available online through myPass. Students will now need to retrieve their exam results through [myPass](#) — a self-service website for high school students. Printed results statements will no longer be mailed.

The Diploma Exam marks and resulting final course marks will be listed in the Detailed Academic Report (DAR), which is also available exclusively online using [myPass](#).

[myPass](#) enables high school students to:

- view their progress toward their Diploma or Certificate
- register to write a Diploma exam
- view Diploma exam results and request rescors
- access their Results Statement;
- view/change student personal demographic information;
- view their DAR;
- view their progress toward their diploma or certificate
- order and pay for an official transcript; and
- order additional copies of an awarded credential.

Specific information on how to sign up for [myPass](#) was provided to all students who write Diploma exams in September, again in November, and also in January. Students in Grade 10 and 11 are welcome to sign up for their [myPass](#) accounts anytime to track their progress and view their credits to stay ahead. Please contact the counsellors, Mrs. Glass or Mrs. Miskiw-Chetek for more information.
