

EICS App

Elk Island Catholic Schools now has an app on the Apple (IOS) and Google Play stores.

This exciting new tool will allow parents and students with instant access to critical resources and information on their hand-held phone or device.

A few of the highlights include:

- View and subscribe to news and calendars in a number of EICS schools.

- Instant access to your child's information through PowerSchool.

- Up to minute bus status information for all EICS buses.

- Easy ability to find school-level resources.

- Many more features to come over the next few months with the goal of making this app a one-stop shop for key information and resources for EICS students and parents.
